Data based on: Population and Immigration Authority, Population Register, excl. stillbirths, which are based on the Notification of Stillbirth forms, Ministry of Health.

Blank space = data not known.

() = rates, percentages, averages, etc. based on 5-19 cases.

.. = rates, percentages, averages, etc. based on fewer than 5 cases.

1. Excl. soldiers killed in war.

2. As of 2002, incl. deaths abroad of Israeli residents who stayed abroad for less than a year.

3. The table includes data on stillbirths weighing 1,000 grams or more, or if the weight is unknown - from week 28 onwards. As of 1999, completion of data on stillbirths is done together with the Ministry of Health. Data on stillbirths for 2004 are incomplete due to missing reports from the Jerusalem District. Data on stillbirths for 2015 are incomplete due to missing reports from the Southern District.

4. Incl. births and deaths in East Jerusalem as of 1970, and in the Golan as of 1982; marriages and divorces in East Jerusalem - as of 1973, and in the Golan as of 1987.

5. Incl. religion unknown.

6. Total births and deaths also includes those whose religion was not classified in the Population Register (In 2000-2022, also includes Lebanese).

7. As of 1962, data on live births and deaths include the population of Bedouins in the South.

8. Data include cases that were not included in the past.

9. In 2016, the law changed and the week of pregnancy entitling a woman who had a stillbirth to the same rights as a woman who had a live birth was advanced from week 26 to week 22.

10. Total deaths, incl. deaths from Coronavirus (COVID-19): 3,338 in 2020, 4,809 in 2021, and 3,764 in 2022.

The data are from the Ministry of Health and refer only to individuals with Israeli identity cards.

11. Incl. 1,337 civilians and soldiers who were killed from 7 October 2023 until the end of 2023 due to the war, and incl. 406 civilians and soldiers killed during 2024.

12. Approximately 500 reports of Jewish divorces are missing for Zefat, Kinneret, Haifa and Petah Tiqwa sub-districts.

13. Data are incomplete.

14. For marriages, divorces, live births, and deaths, the rates are per 1,000 persons of an average permanent population. For infant deaths and stillbirths, the rates are per 1,000 live births.

15. In 2023 and 2024, the mortality rates include war casualties.

16. In 2023, the rates have been based on provisional population updated after the 2022 Census (excl. the foreign population).

17. Since 2024, the rates have been based on average population updated after the 2022 Census (excl. the foreign population).
