Data based on: Population and Immigration Authority, Population Register, excl. stillbirths, which are based on the Notification of Stillbirth forms, Ministry of Health.
Blank space = data not known or irrelevant as a result of the table's structure.
- = no cases.

- () = rates, percentages, averages, etc. based on 5-19 cases.
- . . = rates, percentages, averages, etc. based on fewer than 5 cases.
- 1. Excl. soldiers killed in war.
- 2. As of 2002, mortality data include deaths abroad of Israeli residents who stayed abroad for less than a year.
- 3. The table includes data on stillbirths weighing 1,000 grams or more, or if the weight is unknown - from week 28 onwards. As of 1999, completion of data on stillbirths is done together with the Ministry of Health. Data on stillbirths for 2004 are incomplete due to missing reports from the Jerusalem District. Data on stillbirths for 2015 are incomplete due to missing reports from the Southern District.
- 4. In 2000, the definition of stillbirth was changed.
- 5. Incl. births and deaths in East Jerusalem as of 1970, and in the Golan as of 1982; marriages and divorces in East Jerusalem - as of 1973, and in the Golan as of 1987.
- 6. Incl. religion unknown.
- 7. Total births also include live births to women whose religion is registered as "unclassified" in the Population Register (including Lebanese women).
- 8. As of 1962, data on live births include the population of Bedouins in the South.
- 9. Data include cases that were not included in the past.
- 10. In 2016, the law changed and the week of pregnancy entitling a woman who had a stillbirth to the same rights as a woman who had a live birth was advanced from week 26 to week 22.
- 11. Approximately 500 reports of Jewish divorces are missing for Zefat, Kinneret, Haifa and Petah Tiqwa sub-districts.
- 12. Data are incomplete.
- 13. For marriages, divorces, live births, and deaths, the rates are per 1,000 persons of an average permanent population. For infant deaths and stillbirths, the rates are per 1,000 live births.
